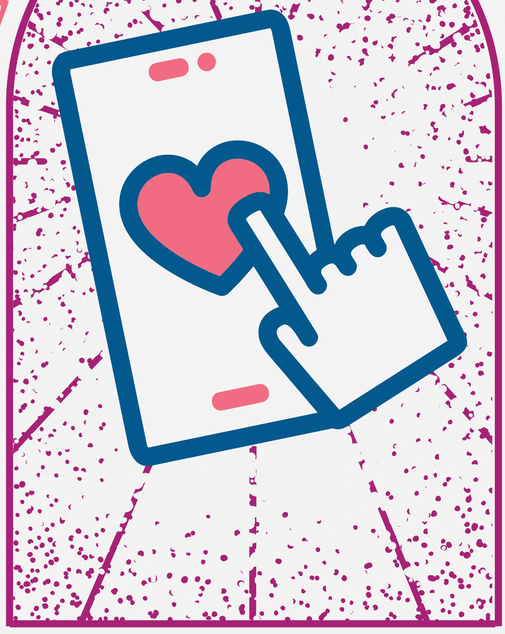
EXTENDED APPLICATION DEADLINE

10. May

ON PERSPECTIVES AND VISIONS OF



DIGITAL SOCIETIES

COLOGNE SUMMER SCHOOL 2020

Implications for Sciences, Ethics, Economies, Culures & Communication

27 July - 7 August, 2020

Monday to Friday from 4 PM to 8 PM
(Central European Time)

BE CURIOUS AND JOIN US ON A DIGITAL JOURNEY

Focussing on the chances offered by the current limitations on our mobility, we decided to embrace the challenge to **go entirely digital**. What used to be a vivid physical exchange of people and their perspectives in the past, this year becomes an entirely digital journey. We will do our best to keep it as lively and interactive as usual, and to offer you an **intercultural experience** you will love.

The updated format still approaches digitalization from an interdisciplinary perspective and discusses its implications in the areas of science, ethics, economy, culture and communication.

SUMMER SCHOOL PROGRAMME

Our new concept includes a mix of **online courses from our beloved partner universities and from our own University of Cologne teaching core**.

This entirely online and digital approach seeks to offer both an International and German perspective on digital societies.

International Lectures

- ***Imaginaries of Data Justice: US and EU Perspectives*** by Margarita Boenig-Liptsin PhD, University of California, Berkeley, USA
- ***Data Rights and Human Rights*** by Associate Professor David Caroll, Parsons School of Design New York, USA
- ***New Opportunities for Digitizing Indigenous Presence. Blackfoot Language and the DeciphAR App*** by Anna Nuhn and Jessie Loyer, Mount Royal University, Canada
- ***Digital Health Transformation: Ethical and Social Implications*** by Giovanna Nieminen Sanchez, VTT Technical Research Centre of Finland LTD, Finland

...AND MORE!

University of Cologne Lectures

- ***Youtube and Shaping of Political Opinion of Teenagers from an Academic Perspective*** by Christian Noll, Department for Education and Social Sciences

- ***Quantifying Social Phenomena and Critical, Reflection of Digitization*** by Professor Patrick Bettinger, Department for Education and Social Sciences

- ***Media Control Analysis and Digital Surveillance Based On Super-Scoring*** by Professor Stephan Packard, Institute of Media Culture and Theatre

- ***How To Guarantee Freedom Of Speech In Social Networks*** by Dr. Frederik Ferreau, Chair of Media Law

- ***Digital Societies. The Influence of Web Search Engines on Political Opinion Formation*** by M.Sc. Franziska Pradel, Cologne Center for Comparative Politics

- ***Modelling Between Digital and Humanities: Thinking in Practice*** by Prof. Dr. Øyvind Eide, Department of Digital Humanities

...AND MORE!

Formal Requirements:

- As always, a selection committee will choose **25 students** who will build this year's online summer school group.
- All seminars are compulsory and you will work on a final online presentation in a **group of 5 students**.
- Upon successful presentation, you will receive your Cologne Summer School certificate. We apologize for not being able to grant credit points this year.
- An appropriate **level of English (C1) is required**, since all classes will be held in English and vivid discussions are a crucial component of our summer schools.

APPLY NOW!

Are you a student who loves to engage and exchange using digital tools?

We have extended the application deadline to **May 10th 2020.**

Don't miss your chance!
